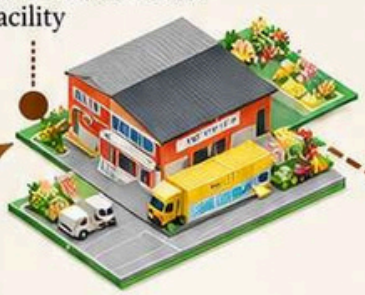
Flower Recycling Process

1. Floral waste is collected from event venues

2. Manual segregation of flowers and wastes in facility



3. Flowers are sun dried

4. Dried flowers are powdered

A. Powdered flower mixed with natural ingredients to make incense sticks

5. Hand Made Natural Incense

B. Incense sticks are shaped and packed at carefully managed unit

6. Natural Incense Products from Recycled Flowers

White Labelling / Private Labelling Process
